Jobbeschreibung

Your personality and your passion make the difference. At Accenture we drive growth for our clients' businesses and pave their way to digital transformation. Our team Consulting combines economical, digital and technological expertise to help clients reach the next level of innovation and performance.

Sounds like an interesting challenge to you? Then follow your passion in a role within our IPT for Microsoft team: a SWAT team defined at European level to help key customers to use the Microsoft ecosystem to transform their business. As a Domain Expert (m/f) you'll be part of an international team that will enable the delivery Microsoft based projects for important products companies in Europe.

Hier machst du den Unterschied:

- You will analyze specific challenges, develop corresponding solutions and architectural structures, compile cost plans, and sell the finalized concepts to customers
- You will monitor the activities of colleagues working in the same domain, providing them with guidance and ensuring that they make the best decisions in the respective circumstances
- As an AIT expert, you will be involved in negotiating deals and developing and implementing projects related to your domain.
- You will help the project teams to design and implement projects according to best practices, incorporating the lessons learned from similar initiatives

Hiermit kommst du bei uns an:

- An academic degree
- At least 10 years of experience in the AIT industry or as a consultant serving the AIT industry
- Proven expertise in one of the industry's hot topics (e.g. customer service, smart machines, customer engagement)
- Ability to collaborate effectively with customer domain experts and guide them to develop fit-for-purpose designs
- Delivery experience using Microsoft-based solutions is a plus
